SDPD Update: The whole beach team and captain were present to report on upcoming Memorial Day weekend. The command center will be located at Belmont Park. Beachteam hours are wed-Sat from 5pm-3am and the call for service number is (619)876-9062. It was also reported that Daytime beach team is set up and starting the summer hours. The Captain reported that there were a lot of sexual assault crimes and most of them are alcohol related so he advised for the bars and restaurants to be aware of those cases. There was a discussion about how there used to be a program for which employees of bars and restaurants were trained on signs of over serving and problematic situations but the funding is no longer there. If we could find a solution to the funding, we can input that program back in action.

Community Updates: The City Attorney's Office and Discover PB are looking for Impact Panel volunteers to help with Beach Area Community Court so if anyone was interested in helping out with that to let Sara or Ann know.

Discover PB Update: The Coast of PB was a great success and thank you to all participating restaurants. PB Day at the Fair is set for June 21<sup>st</sup> and Karl Jaetke is looking for donations to be able to promote Pacific Beach to fair patrons from all over San Diego.
